With a rich tradition of excellence in hockey, the Illinois West High School Hockey League (West) is one of the leaders in player development and opportunity. After enjoying the privilege of representing their high school on the ice, many of our athletes go on to play competitive levels of junior and college hockey after graduation. The West league coaching, level of competition, and development produces some of the top hockey players in Illinois. In 2016, 14 West players were selected for the All State Team, with a West athlete taking home the All State Game MVP Award. In addition, 5 players were also chosen for the Illinois Showcase team. The teams of West are well represented in the state championship games, boasting 4 state championship teams since 2012.

Besides the winning records of the league, the West division boasts 17 minute periods, a 4-man referee system at the varsity level and certified trainers in game attendance for our athlete's safety. West offers goalie clinics, all star games both at the JV and Varsity level, and outdoor Winter Classic games. The West board, club boards, and coaches all have a superior level of commitment to the players, and constantly strive to offer the top hockey experience for the high school player.

League Highlights

- Period Lengths – 16min JV, 17min Varsity
